

Alumni Relations Unit Launches Booth on Scientific Research Day

The **Alumni Relations Unit** at the College of Dentistry successfully organized an interactive booth during the **Scientific Research Day**, held on **June 7, 2023**, under the patronage of His Excellency the University President. The event, which took place at the university theatre, aimed to engage alumni and gather essential data to build a comprehensive alumni database that will support future unit activities.

The booth featured a detailed presentation on the unit's objectives and activities, delivered by the Dean of the College, the Unit Head, and volunteer interns. The university president visited the booth and received an in-depth explanation of the initiative, appreciating the team's efforts in connecting with alumni.

Key Highlights of the Event:

- **Duration:** Three hours
- **Purpose:** Collect data and connect with alumni for future collaboration.
- **Participation:** Over **350 alumni** (male and female) provided their information to contribute to the database.
- **Mode of Presentation:** In-person.

The event was a collaborative effort involving the **Alumni Relations Unit** and the **Prosthodontics Department** at the College of Dentistry. Through this initiative, the unit has laid the groundwork for stronger alumni engagement and enhanced support for alumni-focused activities.

The event demonstrated the college's commitment to fostering lasting relationships with its alumni while showcasing its dedication to scientific research and community collaboration.
