

The First Alumni Meeting Held at the College of Dentistry

The **Alumni Relations Unit** at the College of Dentistry organized its first-ever **Alumni Meeting** on **June 7, 2023**, marking the launch of the unit's activities. The event, held under the guidance of the Dean of the College, aimed to introduce the objectives of the Alumni Relations Unit, facilitate discussions, and strengthen connections with graduates.

The meeting began with a welcoming address from the Dean and the Head of the Alumni Relations Unit, who provided insights into the unit's vision and goals. Graduates were encouraged to engage in open discussions and ask questions, making it a meaningful and interactive session. This meeting served as a milestone, being the first of its kind since the establishment of the unit, following the Dean's directive to create a platform dedicated to alumni engagement.

Key Highlights of the Event

- **Duration:** Two hours
- **Purpose:** Launch the unit's activities and introduce its objectives.
- **Participants:** Over **55 alumni** (male and female).
- **Additional Activity:**
 - A **Continuing Medical Education (CME)** lecture titled "*Digitization of Dental Practice*", presented by Dr. Saud Al-Qahtani, Assistant Professor in the Prosthodontics Department at the College.

Mode of Delivery

- In-Person

Participating Entities

- **Organizers:** Alumni Relations Unit
- **Collaborators:** Prosthodontics Department at the College of Dentistry

The event concluded with a strong commitment to fostering stronger relationships with alumni while advancing the unit's mission to support their professional growth. This meeting is set to pave the way for future activities aimed at enriching the alumni experience.

Digitalization

Using digital technology to help you transform, collect, analyze data in real time

Promote effective patient record keeping, access to files remotely, safe data transfer, generating bio states efficiently

Digitization

Transforming analog models into 3D files

Helps in diagnosis, treatment planning, education, and providing guided digital solutions to many dental procedures

يسر وحدة علاقات الخريجين

أن تقيم لقاء الخريجين الأول والذي سيفتح بقاء مفتوح مع سعادة عميد الكلية أ.د.محمد القرني و رئيس وحدة الخريجين د. صالح القحطاني للحديث عن ما تقدمه الكلية لأبنائها الخريجين بعد التخرج لتقديمهم لسوق العمل واهمية التواصل معهم. يعقب ذلك محاضرة تعليم طبي مستمر يقدمها د.سعود عبود بعنوان :

Digital adoption of dental procedures: A new approach to practice dentistry

د / سعود عبود
عضو هيئة التدريس بقسم
الاستعاضة السنية

أ.د / محمد القرني
عميد كلية طب الاسنان

د / صالح القحطاني
رئيس وحدة الخريجين

الزمن	لقاء ومحاضرة
٣ دقيقة	أ.د محمد القرني د صالح القحطاني
٣٠ دقيقة	دسعود عبود
٢٠ دقيقة	وقت للتفاني بعد المحاضرة
