

**Students' Evaluation of [Theoretical & Laboratory ~~OR~~ Theoretical & Clinical] Courses**

Name of Course: ..... Course code: ..... Level: .....

**Instruction to Students:** The College of Dentistry is keen to improve the quality of all its courses. Kindly complete the questionnaire below to assist in achieving this important goal. Your name is **NOT** required on this questionnaire. **Please Mark [√]**

.....

**Section A: The Course**

#	Question / Statement	Strongly agree	Agree	Dis-agree	Strongly Disagree
1	Course content was placed on Blackboard				
2	Course contents were easy to understand				
3	Course objectives were explained at first lecture				
4	Grading systems were explained at first lecture				
5	Course schedule properly followed by lecturers				
6	Mandatory text-book covers most of the course				
7	Mandatory text-book was easy to understand				
8	Essential references cover most of the course				
9	Essential references were easy to understand				
10	Course improved your skills in this specialty				
11	Course lecturers easily accessible for assistance				
12	Over-all, I have enjoyed this course				

**Section B: Course Lectures**

#	Question / Statement	Strongly agree	agree	Dis-agree	Strongly Disagree
13	Lectures cover course objectives				
14	Lecture outline clearly shown for each lecture				
15	Lectures were relevant to stated lecture outlines				
16	Lectures started and finished on time				
17	Lectures were easy to understand				
18	Too many topics were covered in one Lecture				
19	Lectures were inspiring and motivating				
20	New ideas introduced at reasonable rate				
21	Lecturers encouraged participation in learning activities				
22	Lecturers encouraged individual thinking				
23	Lecturers encouraged differences of opinion				
24	More lecture time is needed for this course				

**Section C: Laboratory Training and Skill Acquisition**

#	Question / Statement	Strongly agree	agree	Dis-agree	Strongly Disagree
25	Laboratory sessions were well planned				
26	Laboratory sessions were well implemented				
27	Skills listed in course outline were fully Acquired				
28	Instruments for laboratory practice always available				
29	Materials for laboratory practice always available				
30	Laboratory staff were readily available for help				
31	Supervisors were available for help on time				
32	My lab. skills improved significantly in this course				
33	More laboratory time is needed for this course				

**Section D: Clinical Training and Skill Acquisition**

#	Question / Statement	Strongly agree	agree	Dis-agree	Strongly Disagree
34	Clinical sessions were well planned				
35	Clinical sessions were well implemented				
36	Skills listed in the course outlines were fully Acquired				
37	Instruments for clinical practice always available				
38	Materials for clinical practice always available				
39	Clinical nurses were readily available for assistance				
40	Supervisors were available for help on time				
41	My clinical skills improved significantly in this course				
42	More clinical time is needed for this course				
43	More patients are needed for this course				

**What were the three (3) best aspects of this course and why?**

1. \_\_\_\_\_
2. \_\_\_\_\_
3. \_\_\_\_\_

**What three (3) aspects of this course could be improved and how?**

1. \_\_\_\_\_
2. \_\_\_\_\_
3. \_\_\_\_\_

**Do you have other comments?**

1. \_\_\_\_\_
2. \_\_\_\_\_
3. \_\_\_\_\_

**Thank You**
